CardoVive AT AED™ DEFIBRILLATOR by BURDICK

- Automatic daily self test ensures safe reliable operation. Proprietary RescueReady™ technology automatically tests the battery, system components and pre-connected electrodes. Monthly, the CardioVive AT AED™ performs an automatic full charge test of high voltage circuitry.
- Pre-connected, non polarized, disposable pads eliminate confusion by saving critical time.
- Advanced technology differentiates between shockable life-threatening cardiac rhythms and non-shockable arrhythmia events.
- Seven year warrantee. During that period, Burdick will provide a toll free number for technical support and assistance.
