- 95% SPECIFICITY
- NO REFRIGERATION
- CLIA 88' WAIVED
- EASY TO READ
- RESULTS WITHIN FIVE MINTUES

\$ 32.50 per box of 25

ZOLL AED Plus™ DEFIBRILLATOR

- Unique graphical interface.
- Pictures combined with text displays and voice prompts- helps rescuers every step of the way.
- One electrode - not two!
- Fast and simplified electrode placement.
- Five year electrode shelf-life.
- Intelligent pediatric capability.
- Uses consumer lithium batteries.
- 5 year limited warrantee.

The Automated External Defibrillator is as rugged and flexible as they come. The AED+PLUS uses a brilliant new graphical/voice user interface to help the rescuer every step the way.

The electrode pad helps the rescuer perform CPR. A sensor on the CPR-D pads tracks the rescuer's compression depth and rate as soon as CPR begins.

The electrode comes complete with rescue essentials and tamper-evident seals and it lasts four years.

Features include audio and visual coaching and Rectilinear Biphasic™ Waveform.

Requires only one electrode pad. Runs on inexpensive, consumer lithium batteries.

FIVE YEAR WARRANTY ON UNIT.

Optional pedi-padz ii™ electrode can defibrillate up to eight years old!
